TURBO-03

NO MORE HAZARDOUS CHEMICAL TO CLEAN YOUR HAND

CHEMICAL FREE CORONA KILLER

OZONE AIR COVID-19 HAND SANITIZER

TURBO-O3

CORONA KILLER

NO MORE HANDLING OF HAZARDOUS CHEMICALS IS REQUIRED TO CLEAN YOUR HAND WHEN YOU HAVE LOKOZO **TURBO-O3**

OZONE is one of the most powerful disinfectants. It is 50 times more effective at disinfection compared to the most popular disinfectant – chlorine, and the effects of its action are visible 3,000 times faster. The main advantage from the utilization of ozone to disinfection is the fact that ozone is generated on-site and only when needed. There is also no need to monitor side effects of disinfection, as there are no such ones.

The OZONE generator is built into a cabinet with 150mg/hr 30ppm concentration Capacity. All models come with easy to use power control ozone production. The generator can be shut off and start up automatically when used together with an inbuilt proximity sensor.

Ozone generators are good for cleaning tasks. this device producing 150mg of ozone per hour can meet your purification needs and capability to produce a higher amount of ozone, you can clear the pathogens and odor from the hands easily. Killing the pathogens and having anti-mold properties, it ensures that your body stay safe.

Ozone is a very strong oxidant / disinfectant, and because it is a gas, can quickly and effectively sanitize your hands, killing the germs and destroying the bacteria that are putting your health at risk. Ozone generator deliver high levels of this chemical-free sanitizing agent, and will completely saturate and clean anywhere. And will do so very quickly. In most cases, treatments of hand sanitize will effectively deodorize, disinfect, and destroy the sources that threaten hands. Treating the environment air with an Ozone generator Treatment provides a safer environment for people, and they will appreciate the fresh, clean smelling environment, instead of the artificial fragrances some use to mask odors.

Ozone is the most effective broad based sanitization method available today, and is a green solution, because no dangerous chemicals are left behind. NO chemical agents, 100% eco-friendly.

TURBO-O3 is designed so that it can save you from the hassle with odor. Besides and kills the pathogens and helps you get rid of mold in your hands.

TURBO-O3

CORONA KILLER

WHY SANITIZE YOUR HAND BY OZONE ?

- It removes bacteria, mites, molds, fungus, spores, yeasts, pollens and it inactivates viruses.
- It removes the bad smells of smoking, animal fur, cooking smells, mold and perspiration.
- It destroys volatile residue of chemical detergents.
- OZONE directly destroy the DNA of bacteria and destroy all bacteria.

1. Inside the **TURBO-O3** unit, oxygen from the air is safely turned into ozone then infused into air blower.
2. The ozone is attracted to germs, stains and bacteria.
3. Harmless to people, the ozone quickly attacks and eliminates contaminants it comes in contact with.
4. Only pure oxygen and air remain after the ozone cleans and sanitizes.

FEATURES

- 99.99% sterilize, non-toxic.
- Auto On-off with an inbuilt proximity sensor.
- MS stable material, durable and long-lasting use.
- Simple and high-efficient.
- Adapter power supply, fast disinfecting.
- With Inbuilt timer 10 sec
- OZONE directly destroy the DNA of bacteria and destroy all bacteria.
- Inbuilt OZONE generator with air blower
- Power ON Indicator Illuminated Switch
- Operation Modes Indicated by LED
- IP CLASS: IP20
- Operating Voltage: 230 / 110VAC 50/60Hz
- Power Rating: 15W
- Warranty: 2 Years

CLEANS & DISINFECTS

Proprietary technology cleans and provides a higher level of disinfection than any other product on the market

COST SAVING

Savings of 50% or more compared to alternative options

TIME SAVING

Same day connections

ECO FRIENDLY

Removes the need to use carcinogenic chemicals in the network

24/7 AVAILABILITY

Our team are available 24 hours a day, 7 days a week to minimise customer interruptions
