EL2020 Electronic Door Lock

◆ FUNCTION

Operation mode - Electronic, Latchkey or Manually

Good Security and protection operates like any normal night latch with excellent release mechanism. It's suitable for all sorts of door entry system - door phone, video phone and access control system.

Suitable for flush mounted single leaf or double leaf inward/outward opening doors.

◆ SPECIFICATION

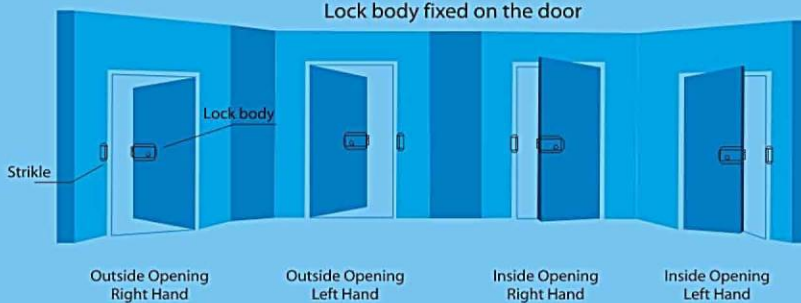

Normal Voltage	:	12-24VDC/AC
Work current	:	1.5-3A
Consumption power	:	10W
Electronic status	:	requires power to open only
Operation time	:	0.5 seconds at 12V
Current draw	:	0.27A at 12VDC
Pressure in normal	:	10000N
Temperature range	:	-40°C+50°C

Application Guide

EL2020/IN- inside opening
EL2020/OT - outside opening

Lock body fixed on the door
