# Beyond Smart

Our brand got us to where we are today, but we've grown and evolved so much that we need a more dynamic way to represent ourselves. We're excited to launch our new brand, but this is definitely not the end. We'll continue to evolve and grow so that we can keep building smart home products and solutions that help simplify home control while making it beautiful.

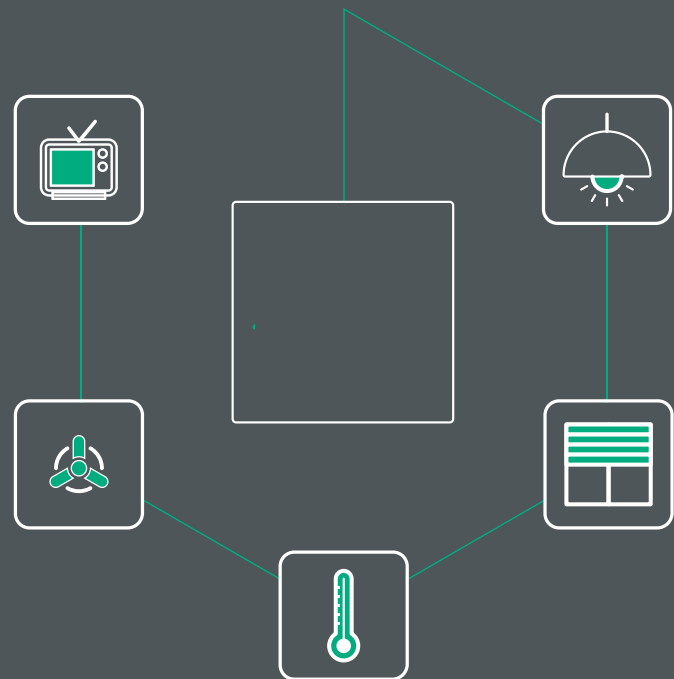

**now is the right time  
to switch smart.**

# technology agnostic

creative thought meets latest technology

- DIY
- Retrofit (can fit in standard electrical box)
- Built in Wifi
- No Hub / Gateway required
- Tuya Cloud Enabled
- Feather Touch
- Control via – Voice, IR Remote, Touch & App (iOS, Andoroid)
- Alexa / Google Home & Siri\*
- Extensive material palette / make your own

**Astron**, products are the perfect blend of a resilient hardware technology and one of the most popular smart home ecosystem software platform “**Tuya**”, empowering the consumer to control their stylish living environment with ease and simplicity. Astron

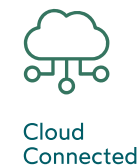

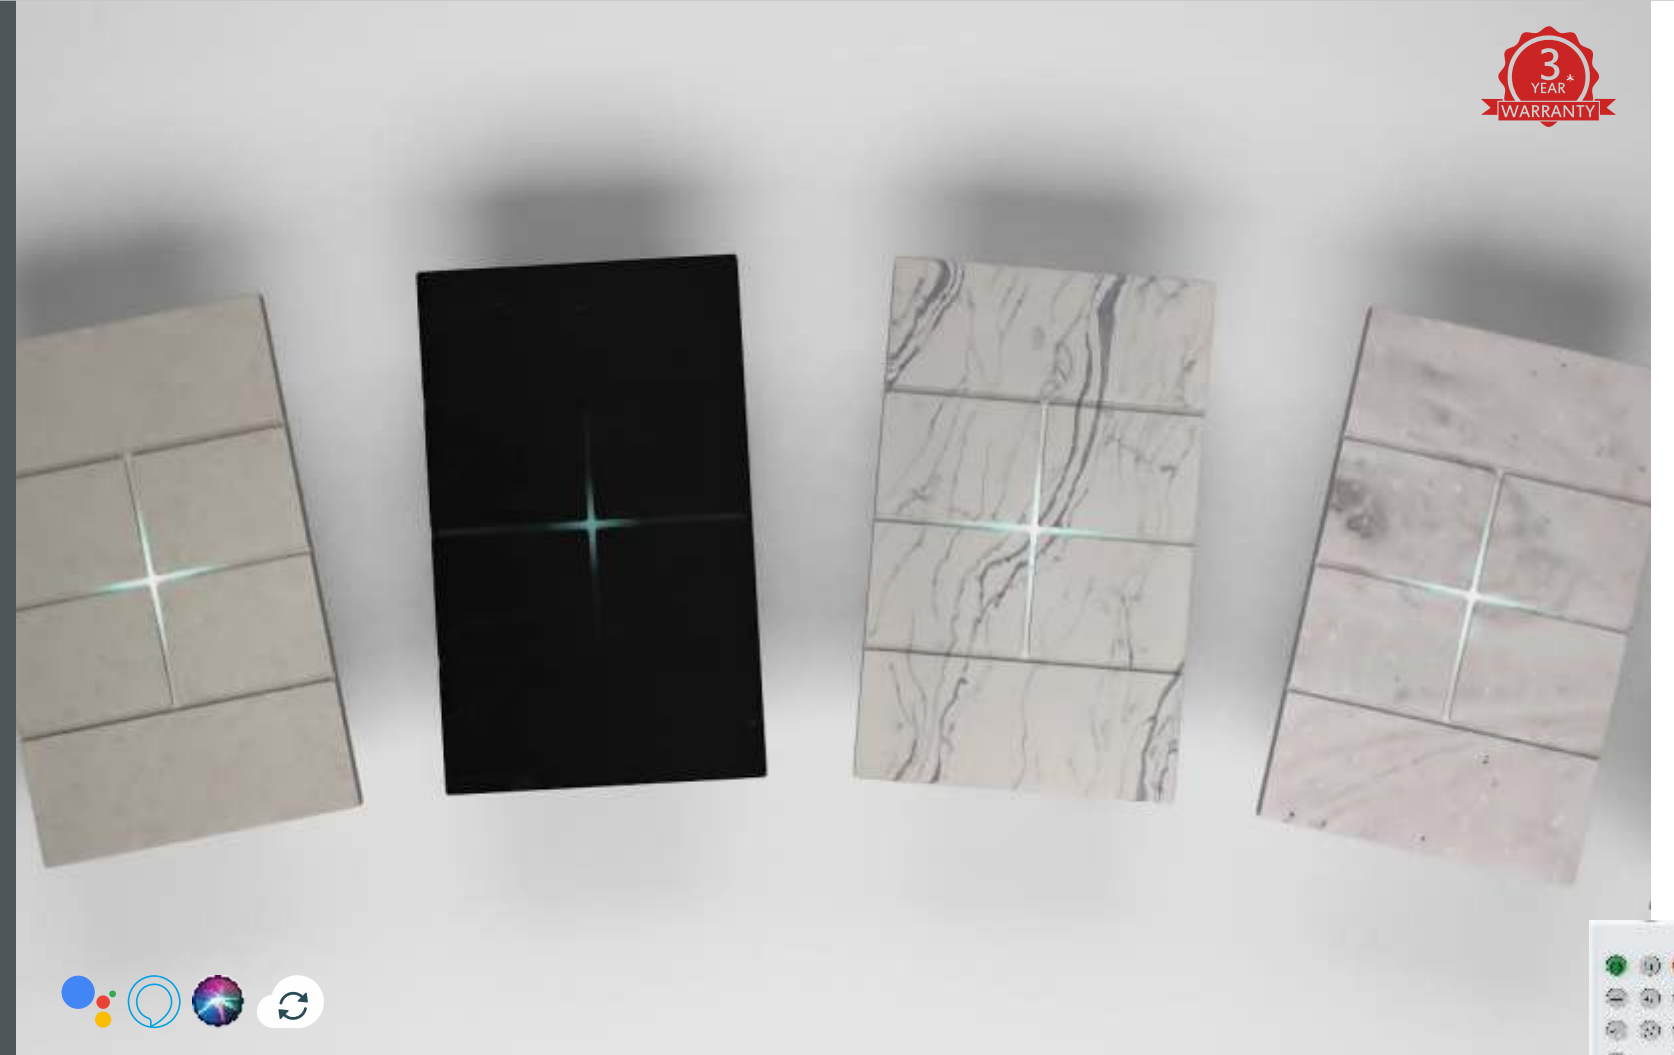

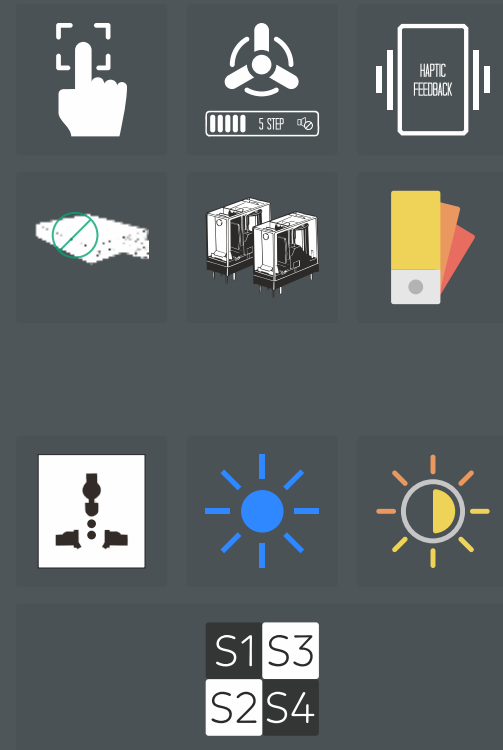

products seamlessly connects with a wide range of third-party products and systems to meet the most challenging requirements making them the perfect match for any space and style.
